NEWS OF THE VICINAGE.

Mrs. Elizabeth Denham died at Williamsburg, aged 72.

Mrs. Susan Light, mother of W. T. Corn, died at Harrodsburg, aged 85.

J. M. Gray, familiarly known as "Pappy," died at Perryville, aged 91.

Capt. Wm. Rains, a veteran of the Mexican and Civil wars, died at Lebanon, aged 74. He has 11 girls, all living.

M. B. Wilhoit, the Nicholasville newspaper correspondent, has been appointed to a first lieutenant in the Philippine expedition.

The L. & N. is doubling its track and yard capacity at Middlesboro, and is also arranging to build a fine new passenger station in that city.

A grand street parade, after the order of the one we had July 4th, will be a feature of the Danville Fair, and \$20 premium will be paid for the fanciest turnout.

The Kentucky Distilleries' warehouse at Lawrenceburg is under construction. It will be eight stories high, cover an acre and have a 52,000-barrel capacity.

Elijah Guffey, of Cumberland City, swore out a warrant against Alice Guffey, his sister-in-law, charging her with hanging his mule, which had been getting into her corn.

The Central Record says that depot agent, G. M. Patterson, is in the mountains enjoying a rest and that his accomplished wife is attending to the company's business satisfactorily to all.

George Cohen, aged about 26 years, was shot at Keene, in Jessamine county, during a festival by Ed Shelton and probably will die. The difficulty came up over a saucer of ice cream, which both men claimed.

Dick Lovens was beaten to death near Manchester and his head nearly severed from his body. He is said to have killed three men himself and it is supposed that he was killed by some of the friends of his victims. A widow and eight children survive.

Mrs. S. N. French, wife of County Attorney French, of Harlan, attempted to commit suicide by drowning. Some boys rescued her before she had been in the water long enough to drown. She tied her hands and feet and cast herself into the Cumberland river.

A company has been incorporated to purchase and operate the R. N. I. & B. under the name of the Louisville & Atlantic. The capitalization of the company is \$2,000,000, represented by 20,000 shares of stock. Gov. McCreary, who is to be one of the directors, took 20 shares.

Robt. Stone, a 12-year-old colored boy, accidentally hanged himself while playing in a tree at the residence of Dr. H. C. Jasper, of Richmond. He had a leather strap around his neck, which was tied to the tree at the other end. His feet slipped and he was strangled to death before assistance could reach him.

The Harrodsburg Sayings is some what of a liar itself. It says that S. T. Elliott uncovered a spreading viper, three feet long, while hauling rock. He struck the reptile and cut its head off when to his astonishment, young ones about eight inches long, began to come out of the mother. These he destroyed to the number of 85.

Our Tuesday's issue had a short account of the bloody battle fought in Clay county the day before. Later reports fully confirm the story. The Philpot-Fishers and Morris-Griffins have been enemies for two years over the killing of James Philpot by Aaron Morris, and the killing of William Bundy by James Philpot. The battle occurred about three miles from Manchester on Little Goose Creek. Wash Thacker, a deputy sheriff, had arrested a Philpot and was taking his bond when he was shot from behind. Then the fight began in earnest, in which four Philpots and a man named Fisher were engaged on the one side, and four Griffins and a friend named Morris on the other. Every one engaged was shooting and there was no way of telling the number of shots fired. The Philpots are prosperous farmers and lumbermen and the Morris and Griffins are farmers. The Morris and Griffins are friends of the Whites and the Philpots and Fishers are friends of the Bakers. Aaron Morris and Hugh Griffin were killed, Bob Philpot, Ed Fisher and Harve Griffin were mortally wounded and cannot recover and Green Griffin had a leg broken.

Ed Fisher and Harve Philpot died of their injuries, making four deaths from Monday's battle. The factions have gathered in force at points about two miles apart.

THE EAGLE, KING OF ALL BIRDS. Is noted for its keen sight, clear and distinct vision. So are those persons who use Sutherland's Eagle Eye Salve for weak eyes, styes, sore eyes of any kind or granulated lids. Sold at Penny's at 25 cents.

The Millersburg council has voted \$300 for an artesian well and make a start for waterworks. It also voted 20 per cent. to help all who would put down concrete pavements.

HUSTONVILLE.

Corn is good, considering the drought. The wheat crop was short probably 40 per cent.

Lightning struck and killed a good horse for Mr. Samuel Reid during the storm of a few days ago.

E. C. Hopper, Arch Robinson and H. B. Hocker spent several days fishing in Casey, but didn't catch enough for a good fry.

For hospitality, happiness, or whatever you will, Show me a town that beats Hustonville.

The colored people are looking forward with much pleasure to their fair, Aug. 10 and 11. Secretary Lewis McClanahan will have the catalogues out this week.

Prof. M. E. Pruitt opened district school No. 12 Monday with 73 scholars. He is assisted by Misses Mattie Gresham and Jennie Murphy. The building was generally repaired before school begun.

Your people are extended a cordial invitation to attend our fair next week. Come early and stay late and don't fail to bring all the family. Remember ladies are admitted free the first day—Wednesday. The immortal Saxton with his splendid band will make music that will be worth coming miles to hear.

The hotels here will be adequate to the big crowd expected next week and nobody need be uneasy about getting bed room and the best things to eat the markets afford. Both the Weatherford House and Vendome Hotel have rented outside rooms for their expected guests and are already preparing their culinary departments for their substantial entertainment.

Our town people were scared up the other night and came near ringing the riot alarm. A dozen or more horse-back riders were heard coming down Danville street giving regular Comanche yells and riding at break-neck speed. Cooler heads prevented anything rash being done and in due time it was found out that the "gang" was a gay party of youngsters who were enjoying a house party at Dr. Logan's. They were out for a good time and that they were having it, there is no room to doubt.

President James P. Harper has a force working from early morn till dark on the amphitheatre and other buildings at the fair grounds and will have everything in ship shape by the first bell tap Wednesday morning. Prospects for a crowd and a splendid show of stock could not be better and if the fair is not a grand success signs count for nothing. Gay Bros., of Plagah, Gen. John B. Castleman, of Pleasant Hill, J. T. Crenshaw, of Lexington, and many other prominent horsemen, have secured stable room and will be here Monday or Tuesday with their strings.

Dr. Carl Wheeler and friend, Mr. Viley, of Lexington, are expected in a day or so and will remain till after the fair. Sam Lusk, of Cincinnati, is already at home for next week's festivities. Mrs. John Oram, of Baltimore, is with her relative, Miss Mary Holmes Lusk. Her husband spent a few days with her this week. H. B. Hocker, of Danville, is spending his vacation with his parents, Mr. and Mrs. J. W. Hocker. Miss Margaret Ingles, of Paris, will arrive Tuesday to spend a few weeks with Miss Lou Hocker. Miss Ida Twidwell returned to Elkton yesterday. Mrs. Adelia Woods is somewhat improved. J. W. Allen is in Cincinnati this week selling stock.

The merchants here are prepared for the crowd next week with unusually large and well selected stocks of goods. Messrs. Charles Wheeler, James Frye, I. F. Steele and V. B. Morse have worlds of dry goods, notions, gents' furnishing goods and the like. C. W. Adams has medicines, fancy groceries, &c., galore. Dismiddle Bros. have brought largely of groceries and fruits of all kinds, while Miss Mac Logan has a hat or bonnet to suit any and all who come. D. S. Carpenter can sell you almost anything dirt cheap, and the Hustonville Roller Mills are putting in every hour possible grinding for the big trade expected. W. C. Greening, the clever liveryman, is prepared to feed and take care of all the horses that come.

X.

LUNG IRRITATION. Is the forerunner to consumption. Dr. Bell's Pine-Tar-Honey will cure it, and give such strength to the lungs that a cough or a cold will not settle there. Twenty five cents at Penny's Drug Store.

Of 400 American colleges and universities, 144 are nonsectarian and have 93,000 students, as against 72,000 in the remaining institutions of learning. Princeton University is put down as among the "non-sectarian"—that is not controlled by any one denomination.

COUGHED 25 YEARS.

I suffered 25 years with a cough, and spent hundreds of dollars with doctors and for medicine to no avail until I used Dr. Bell's Pine-Tar-Honey. This remedy makes weak lungs strong. It has saved my life.—J. B. Rosell, Grantsburg, Ill.

A MATRIMONIAL PROPOSAL.

To the Editor of the Interior Journal.)

CRAB ORCHARD, July 18.—Col. Hill told me the 4th of July that there were four young ladies in his office, who said they had come to hear Fontaine Fox Bobbitt speak. I have not the honor of the acquaintance of those fascinating and most appreciative ladies, but if any of them will consent to become queen of my stately mansion, in less than two years, she shall draw a congressman's salary and in four years be crowned the reigning queen of the executive mansion at Frankfort. Perhaps, you may say I am scarcely rich enough for you; well I shall certainly be rich enough after I get one of you. When a crowd of young ladies at Pineville asked the brilliant Scott Farris, "If Col. Bobbitt was not a very wealthy man?" The gallant Scott replied: "Oh! Bobbitt is not a millionaire, but he is in a—fine fix!" Nobody could have beaten this elegant and forcible reply. I do not save much money, but I give with a princely liberality that astonishes all Crab Orchard. You young ladies can settle the matter among yourselves. Any of the four young ladies who will tell the "King of Orators" (Col. Hill) in his own office that they had come to hear me, shows sufficient appreciation to be perfectly satisfactory to me. I understand that the given name of one of the young ladies is the name of a tree in the far distant Orient, and her surname in French would be represented by the two words bois filis. If no answer to this open letter in 30 days, then I shall probably write to Miss Helen Gould, with no better success.

FONTAINE FOX BOBBITT.

RUSSELL A. ALGER.

Gen. Russell A. Alger, after making the worst secretary of war that ever happened, has tendered his resignation "to take effect at the pleasure of the president," who ought to stand not on the order of his acceptance, but accept at once. Among those mentioned to succeed him are Gov. Roosevelt, Gen. Horace Taylor and Assistant Secretary McKeljohn. Alger makes the sixth member to leave McKinley's cabinet.

MATRIMONIAL MATTERS.

Rev. J. W. Lynch, former pastor of the Baptist church at Danville, and Miss Rebecca Pope, of Boyle, were married yesterday.

The marriage of Lieut. Arthur Joy Draper, son of Ambassador William F. Draper, to Miss Willie Duncan Vohles, of Lexington, has been set for Sept. 6.

Joe Green, of the regular army, whose home is at Middlesboro, had his arm shot off in the battle of Santiago and was nursed by Miss May Malson, of Canada, a member of the Red Cross Society. Greene was sent from Cuba to the hospital at Detroit, and there he again was taken care of by Miss Malson. They fell in love and their marriage followed after his being released. He has kept the marriage a profound secret until the arrival of the young lady Wednesday from her home in Canada.

REMARKABLE RESCUE.

Mrs. Michael Curran, Plainfield, Ill., makes the statement that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption, and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for Consumption; she bought a bottle and to her delight found herself benefited from the first dose. She continued its use and after taking six bottles, found herself sound and well; now does her own housework, and is as well as she ever was.—Free trial bottles of this Great Discovery at Penny's Drug Store. Only 50 cents and \$1.00, every bottle guaranteed.

The capital stock of the railroads of the whole country is just a trifle less than \$11,000,000,000. During the year two-thirds of this great sum paid no dividends. The other third was divided paying, the rate running from 1 to 8 per cent. The number of passengers carried was 500,000,000. In this vast army 221 were killed and 22,000 injured. The roads employed 875,000 men. During the year 1,958 were killed and 32,000 were injured.

VOLCANIC ERUPTIONS.

Are grand, but Skin Eruptions rob life of joy. Buden's Anker Salve cures them also Old, Running and Fever Sores, Ulcers, Boils, Eczema, Corns, Warts, Cuts, Bruises, Burns, Scalds, Chapped Hands, Chilblains, Best File cure on earth. Drives out Pains and Aches. Only 25 cts. a box. Cure guaranteed. Sold by Penny's Drugist.

In 10 years the descendants of two rabbits will number 70,000,000, if the conditions are favorable.

LANCASTER.

The colored teachers' institute is in session and their discussions evince rapid progress in their profession.

The leading editorial in the last issue of the INTERIOR JOURNAL, is highly valued by the democrats here. It gives the true situation.

The beautiful farm at Camp Dick Robinson, was sold to ex-Congressman A. B. Montgomery, of Elizabethtown, for \$21,000. This said to be \$62 per acre.

Dr. J. T. Wesley, of Middleburg, is visiting his son, Dr. I. S. Wesley, Capt. Sam Duncan and Lieut. John M. Farra want to be war correspondents at Manchester.

The opportunity to elect a democratic representative in this county is at hand. A hint to the wise is sufficient. Let us nominate the right man and we will vanquish the foe.

Men talk very freely of voting for a certain man, when they never vote for any man. They vote for principles and the man is only the servant to defend and perpetuate those principles.

Rev. J. C. Massee, the brilliant pastor of the Baptist church, will preach in Louisville during part of August. Mr. George T. Mason, of Chicago, is visiting his mother and brother, W. B. Mason.

On Wednesday night Mr. Oscar Boyle, son of Squire R. Boyle, was married at the residence of the bride, by Rev. Crawford, near Lowell, to Miss Theresa, the lovely daughter of LaFayette Brown.

All the churches in our city will discuss "The more faithful discharge of church duties by members" on the 1st Sunday in August, September and October. The subject deserves profound consideration as the conduct of many members brings the cause to shame and keeps many out of the church.

Political disaffection is rapidly subsiding here. Mr. T. J. Hatcher, one of the few democrats who was not favorable to the ticket, was approached by a republican of African descent, who said: "We will beat Goebel, won't we Mr. Hatcher?" "By goshen, that is more than I can stand. Put me down for the ticket," said the old Confederate.

The opinion prevails here that the only way to avert the Clay county troubles is to abolish the county and divide it among the seven adjoining counties. It contains only 257,000 acres with a population of 12,000, and a division could be easily made. The warring factions would then be separated as they would gather at different county seats and travel different roads.

If I were asked to name three things which have done more to destroy the highest and noblest impulses and emoluments of human nature and to retard the progress of civilization and the advancement of Christianity, I would name political corruption, religious intolerance and social distinction. These practices are doing more to destroy the foundations of good society and pure government than intemperance, war and the love of money combined. I challenge a successful refutation of this proposition.

The white teachers' institute will be in session next week, conducted by Prof. J. H. Patterson and the exercises are expected to be beyond the ordinary. On Wednesday night, 26, Prof. H. K. Taylor, principal of the Louisville Training School, will present his illustrated lecture, "The Heart of Cuba." The views will assist in describing Cuban life and character. The instructor in violin and Spanish in the same school, will render several charming productions, making the entertainment one of pleasure and profit for the small admission fees of 25 and 15 cents. It is given under the auspices of the institute, proceeds to be used in purchasing a library.

LINNETTA SPRINGS—Among the guests here are J. S. and C. K. Shackelford, Richmond; Maj. Goodloe, Mrs. J. R. Dillehay, D. W. Armstrong, J. R. Knox, H. G. Moore and J. P. Van Winkle, Danville; J. H. Green and wife, Crescent Springs; Mrs. E. G. and Miss Emily Simmons, Owensboro; Miss Mattie W. Callender, Miss Matilda Frazee, Dr. Paul Schwaubhaus, Thos. Fitzgerald, H. C. Baumbarger, Louisville; J. S. Jett, Kansas City, Mo., Miss Lisle, Lebanon; and W. T. Jones and family, Lexington. A select hop will be given Thursday evening, 27th.

Newspaper plants in whole or in part are for sale in three adjoining counties in Western Kentucky, the counties being among the most prosperous in the State. Printing a newspaper at a profit is one of the hardest things ever undertaken in a country town.—Hopkinsville, Kentucky.

BISMARCK'S IRON NERVE.

Was the result of his splendid health. Indomitable will and tremendous energy are not found where Stomach, Liver, Kidneys and Bowels are out of order. If you want these qualities and the success they bring, use Dr. King's New Life Pills. They develop every power of brain and body. Only 25c at Penny's drug store.

C. K. Caron has been appointed census supervisor in the 5th district.

CHURCHES AND PREACHERS.

It is said that Wm. E. Edwards, Charlottesville, Va., will be chosen president of Randolph-Macon College.

The Baptist church, of Danville, has extended a unanimous call to Rev. Charles H. Irving, of Bay City, Mich., and he will probably accept.—Advocate.

Brother Frank W. Allen and wife are visiting relatives in Columbia and vicinity. Bro. Allen will preach at the Christian church next Sunday morning, and you should hear him.—Columbia, Mo., Statesman.

William Steel, the banker who died recently in San Rafael, Cal., leaving an estate of \$100,000, often expressed an aversion to ministers, and his will just filed for probate proves that he meant it. The closing paragraph reads: "And I make the special request that my body be cremated, and that not one copper coin of the income of my estate be expended upon or in any chapel or church or upon the support or encouragement, directly or indirectly, of any so-called minister of the gospel or on missionaries of any sect, for the whole of the tribe of whom I entertain a sincere, well-founded and unconquerable aversion, because during my lifetime I found that both the men and women preachers did not know about what they were talking."

CHEAP EXCURSION TO OLD POINT COMFORT.

The Chesapeake & Ohio railway will run its second excursion from Lexington to Old Point Comfort, Va., on Tuesday, July 25th. Tickets will be \$15 for the round-trip, good going on both morning and evening regular trains, and good returning 21 days. Stop-overs will be granted at any station East of Kanawha Falls on round trip. Old Point Comfort offers more attractions this year than ever before. Being the most prominent naval base during our war with Spain, it is fitting that the captured ships and trophies should be brought there. A number of our war vessels are now at Norfolk navy yard. No other trip offers such a diversity of pleasure, mountains, sea shore, rivers and ocean, as does a trip to Old Point Comfort. Send in your name at once for sleeping car reservations. Geo. W. Barney, Div. Pass. Agent, Lexington, Ky.

Despite strenuous efforts to secure a reprieve, including an appeal to the Queen, Mary Ann Ansell, who was convicted of murdering her sister, an inmate of an insane asylum, by sending her poisoned cake, was hanged Wednesday at St. Albans. The English are not much on sentimentality, when it comes to punishing crime.

THE INTERIOR JOURNAL

STANFORD, KY., - JULY 21, 1899

W. P. WALTON.

THE Tommy rot printed by the anti-Goebel and republican papers which claim that Goebel stands ready to knife Bryan and turn Kentucky's vote over to some other candidate for president, is very effectively denied by Mr. Goebel himself in the Cincinnati Enquirer. He says that he has made 75 speeches for Bryan and will make 75 more before the National convention, advocating his nomination. Said he: "Mr. Bryan is as much the nominee of the Kentucky democratic convention as I am. In fact, I believe he got a few more votes than I did. There was not one dissenting voice where he was concerned, and in my case the result was for a time believed to be in doubt. Mr. Bryan received the unanimous endorsement of the convention for president. Unless I was honestly, earnestly and unalterably in favor of Mr. Bryan for president, there would be but one thing for me to do—resign the nomination for governor. I don't expect to do that. I expect to be elected in 1899 and I expect to see Mr. Bryan elected in 1900." Referring further to the charge that if Goebel is elected Blackburn will go down, Mr. Goebel said: "I have the highest regard and warmest personal friendship for Senator Blackburn. He knows it. He knows and I know that if the ticket is defeated this year, the legislative ticket goes with it, and Blackburn's successor will be a republican. To return to my argument concerning Mr. Bryan, Senator Blackburn is as much the nominee of the Louisville convention as I am. I say to you with perfect candor, that if the issues were separate, I should be perfectly willing to be defeated myself if the sacrifice would give the democratic party control of the Legislature and return Blackburn to the Senate." Mr. Goebel added that he was sure the State ticket would be elected by fully 25,000 majority and that the campaign would be practically the opening gun for Bryan. The great solicitude shown by the Louisville Post and Dispatch for Bryan and the fear that seems to haunt their dreams that Goebel will knife both him and Blackburn are for the purpose of fooling the unwary and to make capital with the friends of the two leaders, who are not on to the ways that are dark and the tricks that are vain of those disreputable sheets.

FOR some time past, there has been a growing suspicion that all was not as well in the Philippines as Gen. Otis' rosy cablegrams daily indicated and the belief grew that he was faking the people in his effort to appear the right man in the right place. These suspicions have been fully confirmed by the newspaper correspondents at Manila, who presented the general with a written protest against the strict censorship of press reports, asking to be allowed to cable their papers the exact facts. The correspondents declare that the situation in the Philippines has been misrepresented in the official dispatches and that the censorship of their own dispatches has compelled them to participate in the misrepresentation. Their statement was mailed to Hong Kong and there cabled to the United States, but the authorities at Washington decided to treat their appeal with that contempt that silence indicates. Meantime the London papers are full of accounts of the gross neglect of the American soldiers and their absolute butchery with bad food and worse sanitation. Now that Alger has decided to quit perhaps there will be an improvement and military posts will no longer be bestowed upon political friends without regard to fitness or the interests of the country.

THE Taylor Aid Society of back number democrats held a meeting at Mt. Sterling Monday and after passing numerous and sundry resolutions denouncing the Louisville convention, issued a call for a conference of "democrats" to be held at Lexington, Aug. 2. As the movement seems to be headed by ex-Congressman Turner and other played-out politicians, their effort is not likely to amount to anything further than to give a little aid and comfort to the republicans, who are needing all the comfort they can get. The wall is but the expiring notes of political swans, who seize the opportunity once more to thrust themselves into prominence.

GEN. SHAFTER, who will reach the age of retirement this fall, wants his rank advanced to lieutenant general in recognition of his Santiago campaign, but he is a fool to bring up that subject again. It has been shown that but for Gen. Breckinridge and Gen. Wheeler, he would have thrown up the sponge and made a more miserable failure than he did.

THOMAS F. HARGIS, ex-appellate judge, whom the bar here in public meeting once denounced as unworthy of any honor and unfit for any office, is one of the main kickers against the Louisville ticket. It looks like a man like Hargis wouldn't be so squeamish, but his is the kind that affect so much honesty.

A GLANCE at the names of the so-called democrats who sign the call for the bolter's convention at Bowling Green discloses not as many as half a dozen, who are known outside of their precincts. It may be claimed that they are voters all the same, but it is also apparently true that they are being used by designing men and corporations to aid in the election of Taylor. An array of such names wouldn't frighten even a mouse.

IT is earnestly hoped that Gov. Bradley will not call an extra session of the Legislature to consider the Clay county situation and devise means to mend it. Such a session would cost the State \$1,000 a day and at its end nothing would have been done to pay for the outlay. For goodness sake spare the infliction of an extra session. Rather let us bear the ills we have than fly to others that we know will be worse.

THE Louisville Dispatch with its usual disregard of the truth said that Goebel was too sick to attend the meeting of the National committee at Chicago, but he was there all the same and seemed to have been much in evidence. He invited Mr. Bryan to come to Kentucky this fall and speak for the ticket and he will doubtless do so.

THERE is no danger of a bolter's convention in old Lincoln, which is one of Goebel's original counties. A few who always kick, are kicking but they are beginning to see that it is a silly performance and are ceasing to do so.

TOM TURNER, Bill Beckner, Tom Hargis and Ed Hines are the leaders of the bolters. Aren't those names sufficient to kill any movement, decent or otherwise?

POLITICIANS AND POLITICS.

Some of the Frankfort Negroes, to the number of about 60, who have not been captured by promises, have organized a Goebel club.

Penniless prospectors returning from the Alaskan gold country confirm the stories of "salted" mines and of an overcrowded situation.

P. J. Devlin, of the National Democratic Committee's press bureau, was fired for pernicious activity in the Chicago mayoralty contest.

The proposed removal of Postmaster Baker and Collector Sapp reveals methods by which political funds, averaging 5 per cent., were collected from officials' salaries.

Funny things sometimes happen in politics. The Kentucky republicans have a Taylor-made candidate for governor turned out by a machine.—Georgetown Times.

Mayor Harrison, of Chicago, has declined very emphatically the invitation of ex-Gov. Altgeld's committee to deliver an address of welcome to the National Democratic Committee at its meeting in that city July 20.

The anti-Goebel meeting, which has been talked of at Bowling Green for the past two or three weeks, will be pulled off in that city next Monday. For the past two weeks petitions have been industriously circulated in regard to this meeting. It will likely, however, be a flash in the pan.

The Mt. Sterling Sentinel-Democrat says that not over 15 persons voted on the adoption of the resolutions presented at the bolter's meeting Monday. The crowd was a large one but was composed principally of people drawn through curiosity, a few republicans, and bolters to the number of not more than 20.

It was circulated at Winchester that Senator Blackburn was in sympathy with the bolters and the county chairman wired him if it was true. He promptly responded: "No democrat should countenance the effort to hold a bolting convention. Our party's ticket should have every democrat's support."

If the L. & N. authors and spreaders of the story that the present democratic campaign in Kentucky is a conspiracy against Bryan, Blackburn and free silver believed that those were the eggs in the mare's nest, they would never utter a cackle, but sit right down to the congenial work of incubating.—Louisville Times.

It is said that some of the leading Negro republicans who were at one time loud in their opposition to Nominee Taylor have been pacified by promises of good offices, the Rev. S. E. Smith having been promised that of State Inspector, while others have been tempted with offers of places in the asylums and promises of census patronage from Senator Deboe.

The Nelson Record says that Hoggaw Taylor is fitted for the office of governor by neither culture nor attainments, nor for any other office for that matter. In appearance he is the reverse of impressive; a slouch in his gait, a boor in his manner and the butt of the entire bar of Kentucky. He is the one member of the State administration of whom the republicans in and about Frankfort and who know them all intimately, are heartily ashamed. He and his wife keep a boarding house in Frankfort and the stories told of the shifts made by this worthy pair to save a nickel, are amusing morsels of gossip in that city. Taylor is the personification of all the low and degrading in human tendency. Devoid of all principle, selfish to an extreme, his administration could not but be a reflection of the penny-grasping propensity of its head.

ABOUT 40 relatives of the Peyton family gathered at Peyton's Well Tuesday, Col. T. P. Hill tell us, and spent the day very pleasantly. All carried dinners and the whole made a repeat fit for the gods. The famous old well was dug in 1810 by Col. Hill's grandfather, Capt. Valentine Peyton, and it has been a resort for the relatives of that distinguished old gentleman ever since. Mr. Lewis Russell and wife, who live at the well, did all in their power to make the day a success and succeeded admirably in doing so.

APPLES.—J. A. McKee, the nursery man of Kingsville, was here yesterday and told us that he had no prospect for any fruit except apples, and that is only fair. He has 50 acres of peach trees and not a peach on any of them. The show for grapes is about half a crop.

RECITAL.—Mrs. Mattie Vandever Kirby will give a recital at Goshen church Saturday night, 22d, for the benefit of the church. She will be assisted by good musicians and the entertainment will be worth many times the price of admission, 25c, for adults and 15c for children.

It is full of liberal premiums and the enterprise promises to be a successful one. Adam Weatherford is president and Lewis McClanahan secretary.

SUDDEN DEATH.—Ann Anderson, colored, died so suddenly at Crab Orchard the other night that foul play was suspected and Coroner Wm. Landgraf was notified. He summoned a jury and held an inquest, when it was ascertained by physician's examination that death resulted from natural causes. Deceased, though never married, leaves nine small children.

THE Millersburg Female College enters upon its jubilee year under the most favorable circumstances. It is one of the best schools in the country and fully deserves the liberal patronage it is receiving from this section. Miss Mamie Lynn, a fine scholar and excellent teacher, will be in the faculty next session. An advertisement of the school appears in this issue, and for fuller information address the principal, Rev. C. C. Fisher, A. M.

STANFORD is to have a daily newspaper. That is to say it will for three days next week. It will be known as the "Daily Interior Journal" "Hustonville Fair Edition" and will be edited and run by Messrs. A. G. Huffman and George C. Keller, Jr., who will issue from 500 to 1,000 copies daily for free distribution. The paper will be printed at this office, but further than that the proprietor of the SEMI-WEEKLY INTERIOR JOURNAL has no interest in it, except to wish the promoters success and to help them to that end all he can.

"FOR ability, reliability and capability, no nomination for governor of Kentucky in the last 50 years has approached that of Senator Goebel. He is the straightest man I ever knew and knowing that he always does what he promises, I shall not vote for him, because if he is elected he will carry out to the letter the platform, which I do not endorse at all." So spoke a distinguished ex democrat to Col. J. W. Miller while he was in one of the over river counties of the blue grass region. Thus does Senator Goebel make even his political enemies to praise him, while his friends stick closer than brothers. He is the soul of honor and will make a governor of whom all the people will be proud.

AT the Commercial Club meeting last night, Hon. J. N. Saunders, who went to see the attorneys of the Southern railroad at Louisville, by direction, reported that in company with Mr. R. T. Quisenberry, Danville's representative, they laid the advantages of the Stanford route for the road's extension before them and they in turn had a stenographer's report made of it for the son of President Stewart, who is superintending the extensions in the absence of his father in Europe. They said that our route was as short, could be made on much lighter grades than that by Lancaster, besides save two expensive bridges, that Danville and Stanford could offer over 7,000 people to Lancaster's 2,500 and that the two towns could and would do more for their route than Lancaster could possibly do. The report was received with thanks. The county meeting proposed for Saturday was then declared off till Mr. Stewart can be heard from and a more definite proposition be acted upon.

THE third examination for white teachers is in session at the courthouse.

WE will give an exhibition of the Tiger disc plow tomorrow at 2 P. M. on Mr. S. H. Baughmans farm on the cut off pike. Everybody invited to come. Higgins & McKinney.

THE barn and contents of John Falconberry, who lives just over the line from Kingsville in Casey, was destroyed by fire Wednesday night. It was insured in the Continental, represented by Jesse D. Wearen.

MAT CHEATHAM, a yellow girl, charged with furnishing saws and other instruments of escape to prisoners in the Lancaster jail, was arrested by Deputy Sheriff Logan Wood on the creek this morning and delivered her to the jailer of Garrard county. She denies the charge.

THE disgraceful ending of the ball game here Wednesday between Hustonville and Stanford is greatly deplored by the citizens and those who took part. Our boys claim that they were not the starters of the trouble, but are ashamed all the same that they should have let their angry passions rise even under the provocation.

THE credit for the rain the early part of the week is given to a Taylorsville preacher, who wrestled long and earnestly in prayer for it, but he is not entitled to it. A good Stanford woman who lifted up her voice in prayer that famishing vegetation be revived with copious showers, had more effect on the Throne of Grace, we opine, than any preacher of the male persuasion. The prayers of the righteous availeth much and we know that she is one of God's chosen spirits.

THE stockholders of the Cumberland Valley Land Co. met here Wednesday and elected the following directors: Vincent Boreing, Robert Boyd, J. S. Hocker, John W. Fox, James W. Fox, Jr., J. W. Hayden, J. A. Craft, Forrestus Reid and W. P. Walton. Judge Vincent Boreing was re-elected president, J. A. Craft was chosen vice president and J. S. Hocker re-elected secretary and treasurer. From engineers reports made to the meeting there are besides the finest of timber, worlds of coal on the lands, which he principally in Harlan county, some of the openings showing veins as thick as 15 feet without partings. There are all of the varieties, including the best coking, finest cannel and splint coals. The company owns over 30,000 acres and considers it very valuable property.

A LARGE party of young people stormed the Misses Ballou at their cozy country residence Wednesday night, but they did not catch them napping by a good deal. In fact, to use the language of the street, they seemed to have been decidedly "onto them," as subsequent developments proved. They were cordially invited in and after awhile asked to partake of delightful refreshments, not, however, until they had arranged a novel way to select partners to it. This was done by having the young ladies put their pretty noses through a screen, the one who correctly guessed the owner to have the pleasure of her company. The guessing created great amusement and other means to the same end being provided all during the evening, it proved really and truly a most enjoyable one.

LACKEY.—Mrs. Eliza A. Lackey, relict of Gabriel Lackey, died at 7 o'clock this morning at the home of her daughter, Mrs. J. W. Rout, aged 89. A month or so ago she came back to Kentucky from her son's in Missouri, to spend the rest of her days in her mother State. She was in her usual good health when she came but about 10 days ago she was taken with the flux and the end came gradually and peacefully. Mrs. Lackey was twice married, her first husband being Beverly Broadus, to whom she was joined in 1838. Three children survive this marriage, Mrs. Rout, S. T. and R. D. Broadus, of Missouri. Mr. Broadus died in 1846 and her second husband in 1865, five years after they moved to Monroe county, Mo. Deceased was one of 13 children, 10 of whom lived to ripe old ages. Four survive, Mrs. Jane Ballew, of Garrard, A. K. Lackey, of Madison, D. M. Lackey, of Parkersville. Mrs. Lackey was a member of the Baptist church for 65 years and had the honor of being one of the charter members of the Baptist church here. Mrs. Rout tells us that a finer woman never lived or one with a better disposition or more even temper. The funeral will occur at Buffalo Springs cemetery at 11 A. M. tomorrow, 22d, after a short service at the grave. Few people are blessed with mothers as long as Mr. and Mrs. Rout. Mr. Rout's still living at the age of 86.
